

## MS 20-PC Compact Professional PC

The **MS 20-PC** is a professional, ultra-compact, silent and low heat emission Intel® Atom® based PC

The **MS 20-PC** is provided with 1Gbit/s LAN interface, 2 GB RAM, 2,5" hi performance HDD, VGA and DVI Video connector, 5 USB (2 front, 3 rear) and audio stereo output.

Due to its reduced 1½RU width size, low heat emission and wall brackets or under table fastening, it may be regarded as the ideal solution where cramped work space and installation flexibility are key factors.

- 1 1Gbit/s LAN interface
- 2 USB ports
- 3 DVI output
- 4 VGA output

- 5 Mini jack audio stereo output
- 6 110-230 VAC Mains
- 7 Mounting bracket
